Academic Backgrounds

1992-1996: Graduate School of Medicine (Doctoral Program of Medicine), The University of Tokyo, Minato-ku, Tokyo, Japan. PhD (Doctor of Medical Science) awarded March 1996. (Supervisor: Prof. Katsuhiko Mikoshiba, Department of Molecular Neurobiology, The Institute of Medical Science, The University of Tokyo)

1990-1992: Graduate School of Agriculture (Agricultural Chemistry Program), Meiji University, Kawasaki, Kanagawa, Japan. MA (Master of Agriculture) awarded March 1992.

1986-1990: Department of Agricultural Chemistry, School of Agriculture, Meiji University, Kawasaki, Kanagawa, Japan. BA (Bachelor of Agriculture) awarded March 1990.

Professional Appointments

2018-Present: Vice-Dean for Research, Nagoya City University Graduate School of Medical Sciences

2016-Present: Adjunct Professor, Division of Neural Development and Regeneration, National Institute for Physiological Sciences

2007-Present: Professor, Department of Developmental and Regenerative Biology, Nagoya City University Graduate School of Medical Sciences

2005-2007: Associate Professor/Head of the lab, Bridgestone Laboratory of Developmental and Regenerative Neurobiology, Keio University School of Medicine

2003-2005: Assistant Professor, Department of Physiology (Prof. Hideyuki Okano's lab), Keio University School of Medicine

2001-2003: Visiting Postdoc, Department of Neurological Surgery (Prof. Arturo Alvarez-Buylla's lab), University of California, San Francisco

1997-2003: Instructor, Division of Neuroanatomy (Prof. Hideyuki Okano's lab), Department of Neuroscience, Biomedical Research Center, Osaka University Medical School

1996-1997: Instructor, Department of Molecular Neurobiology (Prof. Hideyuki Okano's lab), Institute of Basic Medical Sciences, University of Tsukuba

1995-1996: Research Fellow (Japan Society for the Promotion of Science), Department of Molecular Neurobiology (Prof. Katsuhiko Mikoshiba's lab), Institute of Medical Science, The University of Tokyo

Awards

2011: Kitasato Award, Keio University School of Medicine

2007: The Young Scientists' Prize, Ministry of Education, Culture, Sports, Science and Technology

2006: JSPS Prize, Japan Society for the Promotion of Science

2006: The Award for Distinguished Young Investigator of Japanese Society for Neurochemistry

2004: Japan Neuroscience Society Young Investigator Award

2004: Sanshikai Award, Keio University School of Medicine

1999: Inoue Research Award for Young Scientists, Inoue Foundation of Science
